Hello Kell

Thank you for your kind words. I too am proud of my team's efforts on the fire response work and Anaconda, especially my Assistant Directors, Daniel Meer and Angeles Herrera. They have been the real stalwarts in providing day to day leadership in those efforts.

John and I appreciate your guidance, advice, and accessibility through this first year of a new administration. That's always a tough transition, but you have made it pretty seamless. And we very much appreciate your good humor!!! We also look forward to working with you in the coming year. Enjoy your holidays and all the best to you in 2018.

Enrique

Hello Enrique and John, as we wind down the year and reflect on what has been done and what the new year may bring, I wanted to just say 'thank you' to both of you for the great work you have done, the kindness and patience you have shown me and the great service to the country you provide. Your work on many projects but especially the tragic fire clean up and the resolute determination on Anaconda are events to say a special thank you for. I look forward to working together next year. Merry Christmas and Happy New Year.
